WEEK #2: CHAPTER 2

TEACHERS MATERIAL

Chapter Summary: Galatians 2

In this chapter, Paul talks about many important things.

1. Some people will try to tell lies about God. They will try to tell us things that are not in the Bible. Paul warns us about these people.
2. Many years before Jesus' birth, God gave the Ten Commandments to Moses. He also told Moses about how his people should live and worship him. These laws and rules are called Mosaic Laws.
3. Paul talks about the laws and how they effect Christians. Some people thought all Christians had to follow all the old rules to get to heaven. Paul told them that believing in Jesus got them to heaven, not obeying all the rules.
 - When someone broke a law, they had to give something to God to be forgiven. This was called a sacrifice.
 - Following the laws. It was like working to earn the right to go to heaven. This is what Paul calls "works".
 - God's love is freely given to us. This love is so special it is called Grace.
 - God loved us so much, he sent his Son, Jesus Christ, to Earth.
 - Christ died as a sacrifice for our sins.
 - If you believe on him, you will be saved.
 - Christ's death made us free of the old rules.
 - Christians are to obey Christ's teachings.
4. Our salvation is through God's grace not works.
